REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance that is in addition to the reasons presented in the paper of 11-4-03:

As argued by Applicant in the Appeal Brief of 7-26-05 (artifact), the combination of Sumida in view of Pyre would not result in the claimed metallic seal. Upon further consideration it appears the diameter portion of the equation of $H1/(D2-D1)$ relied upon in the rejection would have to be divided by 2 to equate to the claimed dimensions (i.e. $(D2-D1)/2$ of Pyre is equivalent to Applicant's $D2$). When this is done, as exemplified in the Brief, the equation does not produce the claimed dimensions/ranges. And, there doesn't appear to be any motivation to modify the references in the manner required by the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
